

Lee County Multi-Jurisdictional All Hazards Mitigation Planning Committee

Goal Setting

What will the goals be for our Plan?

The following sample of goals is from other Natural and All Hazard Mitigation Plans. This sample is provided to stimulate discussion about the types of goals the Lee County All Hazards Mitigation Planning Committee will select for their Plan.

- Educate people about the (natural and man-made) hazards they face and the ways they can protect themselves, their homes, and their businesses from those hazards.
- Protect the lives, health, and safety of the people and animals in the County from the dangers of natural and man-made hazards.
- Protect existing infrastructure and design new infrastructure (roads, bridges, utilities, water supplies, sanitary sewer systems, etc.) to be resilient to the impacts of natural and man-made hazards.
- Incorporate natural and man-made hazard mitigation into community plans and regulations.
- Place a priority on protecting public services, including critical facilities, utilities, roads and schools.
- Preserve and protect the rivers and floodplains in our County.
- Ensure that new developments do not create new exposures to damage from natural and man-made hazards.
- Protect historic, cultural, and natural resources from the effects of natural and man-made hazards.
